DETAILED ACTION

This action is in response to applicant's amendment received on 29 May 2007. All corrections made have been accepted.

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Yasuo Muramatsu on 11 June 2007.

2. Amend to page claim 5 (page 4, line 8): the [[cutter]] knife main body.

Priority

3. Applicant has failed to obtain the benefit of foreign priority under 35 U.S.C. 119(a)-(d), since a certified English translation of the foreign application was not submitted prior to declaration of an interference. 37 CFR 41.154(b) and 41.202(e). A phone call was made to attorney of record, Yasuo Muramatsu, on 11 June 2007 who confirmed a certified English translation had not been submitted. It is noted that the interference search did not result in any issues with respect to the foreign priority date.

Allowable Subject Matter

4. Claims 1 and 5-8 are allowable. The following is a statement of reasons for the indication of allowable subject matter: The inclusion of the limitation the cutter holder engages the tip portion of either inside or outside of the tip portion and projects from an

opposite side of the tip portion, and an angle between the rod-shaped grip and the knife main body is changeable depending on whether the cutter holder is engaged with the tip portion from the inside or the outside of the tip portion. This limitation is included in all the claims and is not found in the prior art references.
